

HOORAY
HIPPO

EXPLORE. EDUCATE. ENTERTAIN

CONCEPT

HOORAY
HIPPO

Hooray Hippo combines animation with real footage to teach children about different landscapes and the animals that inhabit them.

The series developed for pre-school children sees the show's guide Hooray Hippo and her friend Billy The Bird travel the world, visiting everywhere from Africa to Antarctica.

EPIISODES

Combining cute CG characters, fun facts and real footage of animals in their natural habitats, Hooray Hippo helps children 'understand the world'.

The stories are told through animated characters, a voiceover children can relate to and footage captured by some of the world's top wildlife videographers, all fully rights cleared and licensed by series creators Caters Media Group.
