The Story Behind The Videos

Sarah Cressall

The Creation Station was created in 2002 by Sarah Cressall. As a mother of three boys, Sarah instantly recognised the power of creative activities; and developed a series of educationally based creative arts and crafts programmes that could be taken into schools.

Demand was so high that Sarah worked with the British Franchise Association to provide Creation Station clubs around the UK. Before too long The Creation Station was named as the best franchise in children's services at the Best Franchise Awards and was recognised as the most recommended arts and craft activity company in the UK. Sarah was also awarded Female Entrepreneur Of The Year and has been ranked in the top ten of the most powerful women in franchising.

In 2023, Sarah devised a series of arts and crafts videos that could be shown in the Creation Station after school and holiday club child care spaces. To guarantee maximum child engagement Sarah teamed up with the acclaimed family entertainers: Theo The Mouse and Wendy.

BRINGING AWARD WINNING CREATIVITY TO YOUR SCHOOL

The Videos

Leading children's craft experts: Wendy Abrahams and Sarah Cressall have devised a series of low cost, easy to make craft activities –with materials easily found in either the home or the classroom. Leading children's television script writer – Wink Taylor creates the comedy of Theo The Mouse to engage the children even more.

These 2 to 3 minute videos will appeal to the imagination, promote well being and will inspire the creativity of Primary School aged children.
